Chris Ballard said the STAC last met in September. There is a new STAC member, Dr. Robert Jacobson, Orthopedic Surgeon from CentraCARE. At the meeting, Tim gave a legislative update. There had been a proposal to tweak the trauma system. The plan was to replace the funds taken from other entities, and to add a full-time epidemiologist. The bill did not pass this year, but the good news is that next year is a funding year and there will be additional requests.

Questions to Chris:

Should there be changes to the field tirage?
