## **6. Discussion Items**

### **A. EMS Closest Unit Situational Awareness Platform**

Dan Klawitter thanks everyone for their help and support in incident response during the shooting. He asks to create a workgroup to explore incident response and overall collaboration between metro agencies. Marv Bachmeier of Code4Group talks on Beacon Mutual which would allow for all metro agencies to see units and staging areas on a map. The application has much potential for collaboration in incident response.

Ball states that this would improve communication and transport time and help get the closest resources to the right locations.

Klawitter states that Beacon Mutual could work alongside any 'CAD-to-CAD' applications and has the potential to continue developing and evolving.

Rohret states that this is not an official MESB project. She says this could be brought up to the 9-1-1 TOC to discuss possible action or acquisition on the side of the PSAPs as a separate item from CAD-to-CAD.

Chair Brian Fisher creates the workgroup.

### **B. EMSRB**

The recent legislation passed by the Minnesota legislature was discussed and how it will impact the EMS world. The EMSRB will be restructured, and further updates will be given once information is received.

Charles Soucheray says that they are still working through all the changes that will be made. Updated information will be provided at a future meeting.

### **C. MESB Update**

#### **i. Review By-Laws**

Hayes says the new and updated EMS bylaws have been approved by the MESB board. Each governing body needs to reappoint a primary and alternate to the committees. Hayes says to watch your emails as he will be sending more information regarding these appointment nominations. Please send all your appointment materials to Hayes.

#### **ii. EMS Regional Training**

##### **1. STIL Class**

The STIL class will be in late June of 2024. Another opportunity to take the class will occur sometime in the winter of 2024 or early 2025. More updates will be provided once a class date is set.

##### **2. FTEP Course and Beyond the Streets**

Hayes says the Fitch and Associates classes are around \$12,000-13,000 to host. If you are interested, please reach out to Hayes so he can determine if there is sufficient want. Hayes will email future dates for the FTEP and Beyond the Streets trainings.

#### **iii. EMS Grant Updates**

Hayes says current grant money is being used to purchase tourniquets as the 'Stop the Bleed' campaign is being pushed. If you need to borrow any of the equipment for summer events, please reach out to Hayes so he can put you on the schedule.

Rohret says that the equipment grant application is due by the end of June. Please work on getting that completed and turned in if interested in the grant.

### **MMRTAC Update**

#### **1. MIST Trauma Time Out**

The committee has decided to get all metro agencies on the MIST trauma format. Information regarding 'MIST' is on the EMS website. If you need any more information, please contact Hayes.
